SUBJECT INDEX, VOLUME 32

Addison's disease,
  ovarian function in, 422
  placental function in, 422
Adrenal, weight/body weight ratio in guinea pig, 298
Adrenal cortex, ascorbic acid content, 103
  hypertrophy, review, 373
  response to diet, 403, 410
Adrenal cortical hormones, and electrolyte balance, 129, 310, 351, 437
  effect on adrenal cortex, 351
    blood sugar, 351
    exercise tolerance, 351
  crystalline, 505
  extract, effects in hypophysectomized pigeons, 463
  sodium factor fraction, effect on electrolyte metabolism, 437
  synthetic
    acetoxypregnenolone
      maintenance after adrenalectomy, 165
    desoxycorticosterone
      pellet absorption, 282
    desoxycorticosterone acetate
      bile and enteral absorption, 279
      effect in hypophysectomized pigeons, 463
      electrolyte transfer, 129, 437
      inactivation by liver, 51
      maintenance in adrenalectomy, 51, 165, 170
Adrenalectomy, acetoxypregnenolone, 165
  adrenocortical-like tissue in ovaries, 488
  blood glucose following, 340
  capillary permeability and histamine, 135
  desoxycorticosterone acetate in, 51, 165, 170
  electrolyte transfer in, 129, 340
  hair growth, 1, 493
  oxygen consumption of skin, 493
  survival in opossum, 340
  vitamin B filtrate factors, 1
Adrenalin, Shaw's colorimetric method, 226
Adsorption and prolonged hormone action, 109
Androgen-estrogen equilibrium and testis atrophy, 116
  vitamin B, 97
Androgens, excretion in cases of breast cancer, 319
  inactivation by the liver, 345
  pellet absorption, 282
  prolongation of action by adsorption, 109
  androsterone, excretion in cases of breast cancer, 319
  17-ketosteroids, excretion in Addison's disease, 422
  testosterone, bile and enteral absorption, 279
    effect on testis, 455
  testosterone propionate, breaking strength of bone, 140
    effect on growth, 69
      hypophyseal gonadotropins, 33
      mammary growth, 81, 229
      organ weights, 69
      testis, 455
    electrolyte transfer 129, 443
    inactivation in liver, 97
Ascorbic acid, content of adrenal cortex, 103
Assay, acetoxypregnenolone, 165
  desoxycorticosterone acetate, 165
  hypophyseal growth factor, 13
  prolactin, 251
  thyroid hormone, 509
Association Notice, 118
Augmentation phenomena, gonadotropin and vitamin C, 140

Bile and enteral absorption, 279
  estrogen excretion in, 279
Bismuth melanosis, 293
Bone, response to sex hormones, 149
Book reviews, 305, 370, 371, 451, 452, 519

Capillary permeability, and adrenalectomy, 135
Chorionic gonadotropins, adsorption, 109
  inactivation, 260

Comb size, effect of light and temperature, 497
estimation in White Leghorns, 351

Desoxycorticosterone acetate, see adrenal cortical hormones, synthetic
Diabetes, pituitary, recovery in cats, 475
Diabetes insipidus, relation to thyroid feeding, 415
Diet, response of adrenal cortex to, 403, 410
Diethylstilbestrol, see estrogens
Diuresis and light stimulus, 27

Endocrine gland/body weight ratio in guinea pig, 298
Endocrine-vitamin relationships
adrenals and vitamin B_1, 1
vitamin C, 103
androgens and vitamin B, 97
gonadotropins and vitamin C, 140
progesterone and vitamin C, 92
thyroid and vitamin B, 227, 433
Equine gonadotropins, action with ascorbic acid, 140
gonad response in opossum, 17
Estradiol compounds, see estrogens
Estrogen-androgen ratio, 97, 116
Estrogens, activity in presence of fatty livers, 367
excretion in Addison's disease, 422
in bile, 368
pellet absorption, 282
diethylstilbestrol
adsorption studies, 109
effect on circulatory system, 77
estradiol, metabolism *in vitro*, 64
estradiol benzoate
and muscle electrolytes, 443
action with roentgen-ray, 161
breaking strength of bones, 140
effect on growth, 69
organ weight, 69
electrolyte transfer and adrenalectomy, 129
estradiol dipropionate
and muscle electrolyte metabolism, 443
mammary growth, 229
estriol, metabolism *in vitro*, 64
estrone, metabolism *in vitro*, 64
new synthetic series, 307
Estrous cycle, and hyperthyroidism, 327
following section of hypophyseal stalk, 119

Exercise tolerance and adrenal cortical hormones, 351

Growth, effect of sex hormones on, 69
sulfonamides and thioureas on, 185

Hair growth, and adrenalectomy, 1, 493
sex hormones, 69
vitamin B_1, 1
Histamine, capillary permeability after adrenalectomy, 135
Hypophyseal hormones, production after section of stalk, 119
corticotropin
effect in hypophysectomized pigeons, 463
gonadotropins, see also chorionic gonadotropins and equine gonadotropins
antisera, 271
augmentation and inhibition, 271
variation in content after androgens, 33
follicle stimulating factor, in human urine, 46
level after androgens, 27
luteinizing factor
level after androgens, 27
menopause urine
mammary growth, 229
pituitary
effect in hypophysectomized pigeons, 463
growth factor
assay, 13
posterior lobe
rôle in diuresis, 27
prolactin, assay, 251
effect in hypophysectomized pigeons, 463
thyrotropin
effect in hypophysectomized pigeons, 463
of thyroid on level, 263
hypophyseal content during lactation, 59
in pregnancy, 59
Hypophysectomy, ascorbic acid content of adrenal, 103
assay, growth factor, 13
maintenance of pigeons after, 463
mammary growth in males, 229
response in, to sulfonamides and thioureas, 185
Hypophysis, mitosis in rat, 334

posterior lobe, hormone content after incubation, 361
response to sulfonamides and thioureas 185
studies following section of stalk, 119
weight/body weight ratio, guinea pig, 298

Insulin, absorption studies, 109
blood lipids in man, 247
effect on reproduction, 439
sugar level in body fluids, 41
Iodine, fixation by thyroid, 429

Ketosteroids, color reactions, 174

Light stimulus and diuresis, 27
Liver, and estrogen activity, 367
inactivation, desoxycorticosterone acetate, 51
testosterone propionate, 97

Mammary gland, growth in hypophysectomized males, 229
response to androgens in females, 81
Metabolism
carbohydrate, blood glucose after adrenalectomy, 340
blood sugar and adrenal cortical hormones, 351
electrolyte, and adrenal cortical hormones, 129, 310, 340, 351, 437
and androgens, 129, 443
in diabetes insipidus, 415
estrogen, in vitro, 64
nitrogen, in diabetes insipidus, 415
oxygen, of skin, 493

Ovary, adrenocortical-like tissue, 422
function in Addison's disease, 422
response to equine gonadotropins, 17
weight/body weight ratio in guinea pig, 298
Ovulation, and section of pituitary stalk, 119
induction in persistent estrus, 285
